SUMMARY OF QUALIFICATIONS

- Full Stack Web Developer seeking Position as Web Developer or Software Developer.
- Proven professional (practicing attorney), excellent written and verbal communication skills, ability to work on a team, fast learner, motivated self-starter passionate about solving problems with computer code.
- University of Minnesota Full Stack Web Development Coding Boot Camp, Fall 2020 Cohort: maintaining an A average in cohort.

SKILLS AND PROJECTS:

- Languages and Programming Skills: HTML, CSS, JavaScript, jQuery, Node.js, Web and Server API's, Git, Command Line Interface.
- Random Password Generator: A website using JavaScript data structures, if-statements and mathematically randomized characters to create passwords.
  - https://esmondkim.github.io/RandomPasswordGenerator/
  - https://github.com/EsmondKim/RandomPasswordGenerator
- JavaScript Coding Quiz: A quiz for JavaScript novices to develop coding skills. The quiz app was fun to build, and it is intended to be entertaining for users. The JavaScript is serious and it features DOM Tree navigation and dynamic manipulation, if-statements, and event listeners.
